## Counsel of 'wise men'

The head of the LMB center of education is subordinate to the rector of the Soegija-pranata University, thus providing interdisciplinarity.

In order to guarantee the educational quality of the LMB, which has to meet international standards, an international counsel of 'wise men' was appointed. This counsel supervises the quality of the taught modules and the examinations. The language of these 'wise men' is English, they communicate by Internet. The members of this counsel:
